CAREER OBJECTIVES

Computer Engineering student with a strong interest in Python programming and problem solving. Familiar with Data Structures, DBMS, and GUI development using Tkinter. Seeking opportunities to apply and expand technical skills through practical projects and internships.

EDUCATION

B.E. Computer Engineering | Ahmedabad Institute of Technology, GTU 2025
Present | CPI: 9.10

Diploma in Computer Engineering | SAL College of Engineering, GTU 2022
2025 | CGPA: 9.30

SSC | K. R. Raval School, Gujarat Board
2022 | Percentage : 92%

TECHNICAL SKILLS

Programming: Python, C, C++ Java

Database: MySQL

Web: HTML, CSS, Javascript, Bootstrap

Libraries & Frameworks: Pandas, NumPy, Tkinter, React.js, Node.js

Concepts: Data Structures, OOP, DBMS

Tools: Git, GitHub, VS Code, Arduino IDE, Microsoft Office

Soft Skills: Problem Solving, Team Collaboration, Communication, Time Management, Adaptability

PROJECTS

SpeedyBites Restaurant Website

- Developed a responsive restaurant website using React, HTML, and CSS.
- Created reusable components for menu, gallery, booking, and customer reviews.
- Designed an interactive and user-friendly interface.

Netflix Homepage Prototype

- Created a prototype of the Netflix homepage to practice front-end development concepts.
- Implemented responsive layouts, content sections, and interactive UI elements.
- Enhanced skills in HTML, CSS, and web page structuring.

Digital Twin AI Assistant

- Developed a Python-based AI assistant using RAG and vector database retrieval.
- Integrated custom tools for calculations and web search to enhance responses.
- Built a knowledge base from personal documents for context-aware interactions.

MCP Weather Agent

- Developed an AI-powered weather assistant using Python, Streamlit, and MCP.
- Integrated weather tools through an MCP server to provide real-time weather information.
- Containerized the application using Docker for deployment.

ACHIEVEMENTS

- Successfully completed Web Development Internships (15 Days & 45 Days) at Brainy Beam Technologies.
- Participated in 3 Hackathons and collaborated on innovative project solutions.
- Obtained Government-Certified Python Programming Certification.
- Earned Cyber Security Level 1 and Level 2 Certifications.
- Active participant in Technovation and Solution Challenge Lab by Hack2Skill.

Languages

English, Hindi, Gujarati
